

**Amendment No. 11 to HB2875**

**McCord**  
**Signature of Sponsor**

**AMEND Senate Bill No. 3586**

**House Bill No. 2875\***

by adding the following new sections immediately preceding the last section and by renumbering the subsequent section accordingly:

SECTION \_\_\_\_ Tennessee Code Annotated, Section 55-8-198, is amended by adding the following new subsections:

( ) After January 1, 2011, no local government may place or operate a traffic enforcement camera on any highway that is maintained using state funds unless the contract between the local government and the private vendor provides only payment for services rendered, and no payment is based on the percentage or number of traffic citations generated by the traffic enforcement camera.

( ) Notwithstanding any provision of law to the contrary, no such traffic citation shall be reported to the department of safety or used by any insurance provider or credit reporting agency for any purpose.

( ) A violation of this section is a non-moving violation, subject only to imposition of a fine not to exceed fifty dollars (\$50), plus court costs if the person cited chooses to contest the citation. No additional penalty or other costs shall be assessed for nonpayment of a traffic violation or citation that is based solely on evidence obtained from a traffic enforcement camera installed to enforce or monitor traffic violations.

SECTION \_\_\_\_ If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to that end the provisions of this act are declared to be severable.
